

## CCTV

The Council's CCTV service makes an important contribution towards delivering the Community Safety Partnerships' Strategy by helping the Council and Police to prevent and tackle priority issues such as anti-social behaviour, violence and burglary and by making a significant impact on residents' perceptions of safety.

Public responses helps to ensure that we continue to operate an effective CCTV system whilst taking into account the right of privacy of our residents. There are more than 100 CCTV cameras across St.Helens which are constantly monitored 24 hours a day.
