

# #READY2 REPORT

## OFF-ROAD VEHICLE NUISANCE

### Don't let them get away with it!

- Often riders are not in control & don't have riding skills.
- They are a danger to themselves & the public.
- They are not legal for the road - they don't have lights/horns or registration plates.
- They are often used for criminal activities.

### Tell us:

- **Where:** There is nowhere in Merseyside off-road vehicles can be ridden legally without permission of land owners.
- **When:** Police helicopters can be used to track riders & can catch high quality footage of joy rides.
- **Who:** Anyone caught riding their vehicle illegally will be prosecuted & their vehicle seized & destroyed.

Call Merseyside Police on: **101** or **999** if the vehicles are in action.

You can also contact Crimestoppers anonymously on: **0800 555 111**
